

CREDIT TRANSFER TOWARDS THE Foundation Degree in Early Years Essential Information

Please retain for the duration of your studies with
The Open University

IMPORTANT NOTE: You should read this document in conjunction with the University regulations for this qualification: <http://www3.open.ac.uk/our-student-policies/qualregs.htm>

You will need to complete at least 240 credits, as shown in the table below, in order to be eligible for this qualification. The right-hand column of this table shows the components of this qualification towards which credit transfer can be awarded in recognition of study you have undertaken elsewhere.

Degree component	Type and amount of credit transfer available towards this component, if any
Compulsory level 1 knowledge modules 60 credits	60 general credit exemption
Level 1 work based module 60 credits	60 general credit exemption
Level 2 Knowledge based modules 60 credits	60 module exemption
Compulsory level 2 work based module 60 credits	None
Maximum credit transfer available towards this OU qualification	150 credits with a maximum of 60 @ level two

What credit transfer will I be awarded ?

Please note: credit transfer is awarded in the context of the particular qualification towards which you are claiming it. This means that you may be able to get credit transfer against a specific Open University (OU) module or component in some OU qualifications but not in others.

We award credit in units of 5 credits, up to the maximum shown in the table above. If your previous study amounts to more than this limit, we will select those credits that will give you the most beneficial award.

When we have completed the assessment of your application for credit transfer, we will send you an email to let you know that the outcome, your *Credit Transfer Award*, is showing on your Studenthome page: <http://www.open.ac.uk/students> . You will then be able to view and download this document.

Types of credit transfer

There are two types of credit transfer: **module exemption** and **general credit exemption**. The table on page 1 shows which type/s can count towards this qualification and the outcome of your credit transfer application will be displayed on your *Credit Transfer Award* document.

Module exemption: means that you have been exempted from a particular OU module in recognition of your previous study. Your prior study must be at, or equivalent to, the UK academic level of the OU module/s you are being exempted from, and considered to be broadly in-line with the learning outcomes of your chosen OU qualification. Your *Credit Transfer Award* will specify which OU module/s you have been exempted from studying towards your chosen OU qualification.

General credit exemption: means that you have been exempted from studying the specified amount of credit at the given academic level towards this OU qualification. This type of credit transfer is awarded if your previous study is at, or equivalent to, the UK academic level of the OU module/s concerned and is considered relevant to this OU qualification in terms of subject and/or skills

development. This type of credit transfer differs from module exemption in that it does not exempt you from any particular OU module/s. Your *Credit Transfer Award* will indicate the number of credit credits you have been exempted from, and at what level/s, towards specific components of the qualification.

Time limits

There are time limits on the counting of credit towards this qualification:

If you qualify for the award before the 1st January 2011 there will be no study time limit, however, please note that study older than 10 years is unlikely to be eligible for an award of transferred credit.

Qualifying after 1st January 2011

If you claim credit transfer towards the Foundation Degree in Early Years you will be required to complete all components necessary for the degree within a 7 year period. This period commences from the completion date of the study for which credit transfer is given or commencement of your first OU module, if started before this date. If your credit transfer award is based on more than one qualification then the earliest date will be used.

1971 rule

The University now awards credit only for study undertaken from 1971 onwards. If you already have an award of credit for pre-1971 study it will not be taken away. If you seek a reassessment of your award, either because you have undertaken additional study or if you want to take advantage of subsequent policy changes, you may not be able to gain any additional credit but your award will not be reduced.

Please note: if the OU qualification you are studying towards has time limits, these will be detailed in a paragraph headed "Time limits" (above this paragraph) and will take precedence over the 1971 rule.

The Unique Study rule

For each OU qualification, you must include an amount of OU study that is unique to that particular qualification (OU credit which has not previously been counted towards another OU qualification). The proportion of unique study required is normally one-third: for details of the unique study required for this specific qualification, please refer to the qualification regulations <http://www3.open.ac.uk/our-student-policies/qualregs.htm>
